

3DEXPERIENCE DELMIA MACHINING SOLUTIONS

PRODUCT MATRIX

	SHOP FLOOR	PRISMATIC MACHINE	MOLD & DIE	MILLING MACHINING	PRISMATIC & MILL-TURN	MILL-TURN MACHINE
PRISMATIC MACHINING: Generate programs and toolpaths for conventional 2 or 2.5 axis milling and routing operations	✓	✓	✓	✓	✓	✓
WIRE EDM PROGRAMMING: Develop manufacturing plans for wire EDM operations	✓	✓	✓	✓	✓	✓
MILL-TURN MACHINING: Program parts for hybrid mill-turn machines for efficient and flexible machining					✓	✓
3-AXIS MILLING MACHINING: Use simultaneous 3-axis machining operations for producing contoured surfaces	✓		✓	✓		✓
MULTI-AXIS MACHINING: Leverage 4- and 5-axis machining operations to produce complex parts				✓		✓
SWISS MACHINES: Develop programs for specialized Swiss machining operations					✓	✓
G-CODE SIMULATION: Simulate your machine g-code before sending it to the machine for production		✓	✓	✓	✓	✓
HIGH-SPEED ROUGHING: Quickly and efficiently move material with rapid roughing operations		✓	✓	✓	✓	✓
ROBOTIC PROGRAMMING: Program robot actions as part of the manufacturing process				✓		✓
